THE SECOND INTERNATIONAL CLINICAL NURSING RESEARCH CONGRESS
JUNE 24-27, 2015 - ISTANBUL, TURKEY

This congress is organized in collaboration with Koç University School of Nursing, Semahat Arsel Nursing Education and Research Center (SANERC) and American Hospital.

Invite to Congress

We take great pleasure in inviting you to attend the 2nd International Clinical Nursing Research Congress to be held in Istanbul, Turkey, June 24-27, 2015.

We invite you to share evidence-based practices and solutions among nurse researchers, clinicians, educators, policy makers, and administrators.

The congress will be a great opportunity to promote international dialogue and opportunities in nursing research and build global partnerships utilising innovation and new technologies.

Divided by the magnificent Bosphorus Strait, Istanbul is the only city located on two continents. It is one of the most fascinating cities in the world where East meets West resulting in a melting pot of many civilizations and different peoples.

The knowledge and experience you bring to this congress will help improve nursing care. The Organising Committee looks forward to welcoming you in Istanbul in June.

The Honorary President
of The Congress
Semahat Arsel

Secretary of The Congress
Assoc. Prof. Ayfer Elçigil
Assist. Prof. Memnun Seven

Chairs of The Congress
Prof. Zuhal Bahar
Prof. Lale Büyükgönenç
Prof. Patricia M. Davidson
This congress aims to:

- Facilitate sharing and collaboration between health care researchers from diverse clinical and academic settings
- Promote international dialogue and opportunities in nursing research
- Promote global partnerships in demonstrating the effectiveness of nursing research
- Promote and develop nursing knowledge to build the scientific foundation for clinical practice
- Explore strategies for developing and evaluating new models of health care delivery

The main topics:

- Research policy and strategy in nursing
- Evidence based practice and practiced based evidence
- Research education in nursing
- Evidence-based practice models in nursing
- Nursing-sensitive indicators
- The future of nursing research
